Cleanliness Drive - Clean Campus

Realizing the social responsibility, B.V.Patel Institute of Management took the initiative to be the part of having plastic free surrounding campaign. Together with the NSS team, the students cleaned the classes and the campus area with grace.

All the litter was cleaned out by the students themselves with the feel of sense of belongingness with great enthusiast. The classes and campus cleaning also made us realize how much of plastic we used to consume and dump regularly. Many students decided to minimize the waste as well as to make sure that the surroundings remain clean further as much as possible.

The activity made students realize the need and concern about the environment issues which requires to implement the programmes like Plastic Ban, Swachha Bharat and many other initiatives for the developing nation. This influenced the students to consider their social responsibility actively as the citizens of the country.
