B. V. Patel Institute of Management organises a session on Fundamental Analysis of equity Stocks for TYBBA Finance Students. The resource person of the session was Mr. Yuvraj Solanki, who is CEO of Magneto Brokers LLP, who has vast knowledge in the field of stock market.

The session was started by Dr. Vijay Gondaliya by introducing the speaker. Afterwards Mr. Yuvraj Solanki started his session with the basics of fundamental analysis. He delivered practical knowledge by showing the balance sheet of different companies and discussing their fundamentals on different grounds such as Adjusted EPS, P/E Ratio, EV to EBITDA multiple and PEG ratio.

All the above variables are first taught by him and different companies are compared with all the above variables. What should be the ideal P/E ratio, EV to EBITDA multiple and PEG ratio is discussed by him.

He gave one practical task to students in which students need to find the best company in the Chemical Sector based on the above variables. Students tried their best and gave their opinions based on their understanding. At last, he gave some tips to students for analysing stock through fundamental analysis.

Ms. Isha Raiyani expresses gratitude for coming to the institute and contributing his knowledge with the students.
