A 20 students of Final Year BBA Finance Specialization attended session on n “FinTech- Technical Analysis on the stock market” by CA Dipanshu Taluja organized by Student development club of B. V. Patel Institute of Management at GD-3 in Central Library.

A practical approach is used to explain the basic concept of technical analysis to the students. The session was well structured and effectually presented. It involved the presentation of graphs which are interpreted in different ways. The session enabled the students to recognize and grab investment opportunities.

Points discussed during the session were:

- Different types of financial analysis;
  - Technical analysis
  - Fundamental analysis
- Graphical representation of Graphs in different available websites and applications with the help of different sectoral companies' examples.
- Phases of shares fluctuations:
  - Upward
  - Downward
  - Consolidation
- Candlestick determination and in brief explanation.
- Different timelines of graphs with a practical approach.
