100 students from First Year, Second Year and Third Year BBA had attended actively on “Activity based learning” session. The objective behind conducting the session was to teach students important management skills like team work, communication and time management. The students was divided into groups; and each group consisted students from FYBBA, SYBBA and TYBBA.

The groups than played the games like telephone and a group game into which they don't need o communicate but with acting they need to convey the message. This game taught them

the skills of team work and they understood the meaning of correct and clear communication. The another game they played was of teamwork; into which a team need to pass a ball using a paper roll. From this game students learn to utilize right resources on right places and maximize the resources to utilize the time available.
