

# B.V. Patel Institute of Management Uka Tarsadia University

Date: 07 – 01 – 2023

## Session on Data Analysis through SPSS

**Objectives of Session:** To gain the understanding of data analysis through various statistical tools and various software.

**Outcome of Session:** at the end of session students' will be able to understand which technique(s) used for different kinds of data set.

Date:	January 06, 2023
Time:	9:00 am to 2:30 pm
Venue:	Room No. 20, BVPIM
No. of Students:	100
Speaker:	Mr. Dharmaraj Solanki and Dr. Taral Patel
Coordinator:	Mr. Dharmaraj Solanki and Dr. Taral Patel
Category:	Student Development Cell

A full day session statistical data analysis methods was arranged by the B.V.Patel Institute of Management, UTU on 6th January, 2023. The target audience for this workshop includes students of TY BBA who are required to deal with statistical data analysis in their project work. Total 109 students were participated in the workshop.

Dharmaraj solanki delivered the session on basics of data analysis, various parametric and nonparametric tests. Primary focus was on the chi-square test, kruskal-wallis test and other non parametric test applicable on data collected by the students.

Dr. Taral Patel covered the factor analysis techniques with help of the SPSS. Also he has focus on multivariate methods. He has also give insights of the techniques applicable by for the various secondary data.

The workshop ended with feedback from the students who lauded the efforts puts by the resources person and institute in organizing such useful workshop for completing their project work.
