A field trip was arranged to JK Paper Mill, Songadh for 30 TYBBA HR Students on the topic of HR practices in industry and plant visiting. The faculty team members Dr. Anuradha Pathak and Mr. Vivek Ayre had escorted the students to field trip visit. The Plant visit and session was too interactive and even our students were very participative and it was a practical learning of industrial functioning and role of HR in organisation which they would always remember in their life as a learning day with a difference.

The students were explained in details about the function, role and importance of HR. The speaker was very energetic and kept the entire students active, fresh and enthusiastic with his innovative delivery of presenting the concepts of HR. Our students had asked many questions to Expert and she had beautifully answered each and every query asked.

We really want to thank and appreciate Dr Vijay Gondaliya Sir- Director- B V Patel Institute of Management for motivating and providing approval to conduct field trips by taking extra

initiatives to bridge the gap between theory and practice through such wonderful expert sessions and field trips for BBA Students.
