Expert Session on
Usage of Technology
and
Importance of AI in Robotics

Event Name: Expert Session on Usage of Technology and Importance of AI in Robotics	**Date: 10/07/2023**
Venue: Manjula Hall, UTU	**Time:** 12:30 PM Onwards
Event Coordinator: Dr. Sapan Nayak	**Total Number of Students Participants:** 120

On 10th July 2023, Dr. Sapan Nayak, Assistant Professor, BMIIT, UTU has delivered a highly informative and engaging session on the "Usage of Technology and Importance of AI in Robotics" at Manjula Hall, UTU, Bardoli. The session is attended by 120 BCA Sem-1 students from the B.V. Patel Institute of Computer Science, UTU, focused on the profound impact of AI in robotics.

Dr. Nayak emphasized how AI enables robots to perceive, learn, and make autonomous decisions, highlighting its significance in various industries. The session also included a demonstration of Canva tools to showcase the practical application of its in social media graphic design, power point presentation, photo and video editing etc. The interactive nature of the session encouraged active participation and discussions among the students, leaving them inspired and intrigued by the possibilities offered by AI in the realm of robotics.
