We Strive for Excellence!

Executive Summary

The academic session of the college began on 1st July, 2016. This year college admitted 236 students in First Year of BBA, B.Com (Computer Applications) and M.Com. This year, the college organized 3-day long orientation programme for First Year students. This was to make students feel comfortable in the new settings. The orientation programme familiarized the students with the inception and gradual development of the college over the years through a power-point presentation. Students were taken to every corner of the college to let them know what to find where. There was also a session of 'Awareness and Prevention of Sexual Harassment against Women'.

The syllabus was finished on time according to the planned teaching schedule as well as all CIE worked on time in both semesters. The attendance has been above 80% throughout the year. All academic programmes finished on time.

In the current academic year, as many as 51 students' developmental activities were conducted this year ranging from value education, management games, expert talk, seminars, counselling, practical sessions, participation in different competition, industrial visits, eye and thelassemia check-up, different competitions, celebrations, social outreach, sports, elocutions, placements, etc. A Management Competition – BizXcellence-2017 organized with Department of Management (MBA- Programme) were our students and faculty get new and satisfactory experience. Our institute stood runners up out of 21 institutes participated.

This year our students record break participation in different competition viz., UthFest-2016, BizXecellence 2017, Utkarsh 2017, Foot Print X7-2017, Impetus 2017 organized by different university and institutes across the South Gujarat.

B.V. Patel is always proud on its dedicated and hardworking faculties, who are constantly upgrading themselves to match with demands from students and industry. The members of the faculties attended seminars and workshops outside the college.

To bridge the gap between practical knowledge and theoretical knowledge, institute has organized various expert sessions from industry people viz., Accounting practices at manufacturing organization, GST, Cyber security, Success Story of Well-known entrepreneurs, Technical analysis, strategies development, marketing exercise, Could computing, character building session, etc.

Apart from placement our students were also got an opportunity for internship in various reputed companies.

Apart from academic activities institute is always concern for the holistic growth of students. For this purpose institute has set up various clubs and committees. The extra-curricular activities were executed and managed by committees and clubs formed for the purpose. Nil incidences of ragging and sexual harassment were reported during the academic year 2016-17.

All these achievements were possible because of the commitment of all concerned, the BPKM trust, the University office bearers, Teaching staff, Non-Teaching staff and the students. Specially thanks to Shri Kiritbhai Patel-Vice President-UTU, Dr. D.R. Shah-Provost-UTU for their constant support and encouragement to do innovation and creativity for the institute.

 - 1.1.1. Degree Programme Under Graduate (UG)
 - 1.1.2. Degree Programme Post Graduate (PG)
- **1.2.** Institutes at a 'Glance'
- **1.3.** Programme wise Course structure during the year
- **1.4.** Student's Feedback Analysis

B V Patel Institute of Business management Commerce and Information Technology has on offer undergraduate and post graduate programs. There are 3 programmes available to the students. The institute offers these programmes under the Choice Based Credit System introduced with effect from the academic year 2015-16 and mandatory coursework put in place admitted and both these have brought a qualitative change vis-s-vis these programmes.

Our effort has been to use the core courses for imparting training to students in a board area of the subject-discipline focusing on its essential core, offering basic professional knowledge, skills, entrepreneurial etc., to develop a scholastic overview of the subject. Through elective courses our aim is to impart intellectual training necessary for a highly specialized range of abilities required on the specialization concerned to blossom. We have merged the self-study/project and soft skill courses into a full-length paper beginning the year under review. This self-study/project component affords us the opportunity of coxing our students to be self-reliant in matters of academic work by making these strictly learner-centered, and the soft skills component to impart training in ICT, life enrichment, academic writing, critical thinking and problem-solving abilities.

Features of Curricular aspects at B.V. Patel Institute:

- Semester system
- Choice based credit system
- Continuous internal evaluation system
- Practical and group assignment
- Transparency in evaluation
- Transfer Opportunities to higher degrees Programmes

The Institute takes care to update its curricula after completion of each cycle of academic programme. Thus, we are able to give our learners the benefit of the new developments in a specific subject-discipline.

The syllabi and related activities are recommended by representative, Board of Studies to the higher academic bodies of the university such as Academic Council and Board of Management.

1.2. Institutes at a 'Glance'

B. V. Patel Institute of Business Management and Information Technology

The Institute owes its existence to the inspiration of renowned philanthropist Shri Bhulabhai Vanmalibhai Patel, fondly known as Bhula Dada among students and staff of the Institute. Shri Bhula Dada who was an astute and highly successful businessperson in USA came back to his village and started philanthropic activities. Till date, he has patronised over 40 organizations ranging from education to health care to welfare trusts. Bhula Dada has showered his love and affection on our Institute. Not only he helps us on regular basis, but he also ensures that we remain committed to our goal of providing holistic education with emphasis on value education.

Beginning in 1998, B.V. Patel Institute of Business Management, Computer & Information Technology has carved a niche for itself in the educational cartography of South Gujarat in the field of graduate programmes in Business Administration and Computer Applications. Our students have turned out to become successful entrepreneurs and executives. At B.V. Patel Institute, we offer comprehensive and holistic education in all the courses. Our curricula and co-curricular activities are designed in a way to foster multi-disciplinary approach among the students. This approach ensures that our students are never stuck up in narrow confines of specialisation. The great learning environment is matched by state-of-the-art infrastructure in terms of technologically equipped classroom, wi-fi campus with the speed of 200 MBPS,

computer lab with latest software, rich library and other facilities. We keep on changing the curricula to meet the demands of the market and society. The thrust on contemporary knowledge is the core of all our activities and this is what keeps us on our toes all the time. The consistent high result of our Institute stands testimony to constant innovation and hard work.

- 2.6. Students' Achievements

Our endeavor in B.V. Patel Institute of Business Management, Computer & Information Technology has been to ensure a certain awakening and enlightenment in the process of teaching-learning. Our aim is to offer comprehensive and holistic education. We want to bring world-class education facilities to the doorstep of this rural and tribal belt. We BVPian believes in "The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education"- Martin Luther King, Jr.

Teaching for us is a tool to trigger change in a person's behavior towards potential situation in hand, manifesting itself in conduct reflecting an attitude, knowledge, better understanding, appreciation etc. The education required was of the kind that would help shape character and conducted by empowering learners from rural areas to be self-reliant and capable of self-employment rather than employment-seeking citizens.

We have been able to put in a transparent and accountable system of evaluation and compilation of results; speedy and confidential assessment by examiners. After completion of examination and assessment as a part of transparent system we show answer book to students, so they can understand where need to improve and marks calculations, if any grievances on-the-spot verification of marked answer scripts by any students and modified it. All this has led to stressfree examinations and timely declaration of results.

2.2. ADMISSIONS

Complete transparency in admissions and evaluation, efficient use of time, a student-friendly approach, special provisions for students from weaker sections like SC, ST, SEBC, physically/visually handicapped etc.

We try to work with precision of clock and are, therefore, regular in all aspects of the teachinglearning process. The admission process is set in motion once a thoroughly updated prospectus containing an application form is ready. This is designed to introduce to the institute, highlighting the details of the admission process to guide them in choosing the right academic programmes for them. Institute has all type brochure containing details of the programmes and courses offered, facilities available, names of the entire faculty with their specializations clearly indicated, the achievements of the department and its future plans. Any applicant who wishes to know more has the option of contacting the institute with free guidance and counselling before he/she applies for admission to it. The institute issues an official notification in mid-May every year and then gets this published in newspapers with large circulation.

Institute has an admission committee, usually with the head as the convener, entrusted with the task of finalizing admissions. The committee has the brief of ensuring that admissions are granted after verifying the details of candidates.

We use the e-mail, the internet, and the telephone as tools to communicate effectively and efficiently within a short span of time. The academic calendars are ready by the time the admissions are over, and these are then displayed on the notice board of the institute, which is how we are able to begin teaching immediately thereafter.

2.4. Evaluation

The examination section, in consultation with the university-departments draws up an annual plan for holding semester/annual examinations at the beginning of any academic year. This plan is followed meticulously and results are announced well in time.

Each of the Papers has a total weight of 100 marks with 70% set aside for university through final qualifying examinations and 30% for continuous internal assessment consisting of tests, seminars and quizzes. Thus, the examinations in the university comprise of two components: external and internal evaluation.

Performance of students in respective subject is based on Letter Grading System which comprise of Continuous Internal Evaluations (CIE) and End Semester Evaluation (ESE). In order to clear that subject, a student need to secure minimum of 40% score in CIE and ESE considered together for BBA and B.Com (CA) and for M.Com minimum of 50% score in CIE and ESE considered together. Theory Paper for ESE would be of 3 hours duration for a theory subject and practical examination for 2 hours duration for each batch.

There have been provisions made for students by faculty for unit-wise questions to facilities the students preparing for examination. The question set usually requires a reasonable amount of knowledge and skills pertaining to a course in a given unit from a student. We have a transparent system of allowing the students to see their scripts after every internal test and the examiner concerned takes time to discuss with his/her students the nitty-gritty of evaluation.

CIE for theory subject would be done based on following guidelines:

Sr. No.	Evaluation Parameter	Marks	Frequency in a Semester	Final Internal Marks
1	Internal Examination	50	2	15
2	Quiz	20	2	07
3	Unit Test	20	2	08
4	Practical Assignment*	20	1	10
	Total Ma	40

2	Class Test	30	2/1	10	05	
3	Faculty Perception	30	3/2	05	03	
4	Practical Assignment*	20	1	10	05	
Total Marks			40	20		

* Assignment related to field, mini project, case analysis, presentation, field work, etc.

Practical assignment would be evaluated based on written report and presentation / viva voce examination of the same. Practical assignment carried out in a group of 5 students in BBA and 4 students in B.Com (CA). Performance of student in a semester would be based on Semester Grade Point Average (SGPA). Performance of student during whole program would be based on Cumulative Grade Point Average (CGPA).

Research, Consultancy and Extension

- 1.1. Research Publication by the Teachers
- 1.2. Research Projects
- 1.3. Academic Programme Participated by Faculties
- 1.4. Lecture Delivered
- 1.5. Extension Activity

Research continues to be a very significant activity in this University since faculty members are active, committed and dedicated to research and development of their respective field. We have received recognition time and again from the public sector and private sector in terms of grants and publications. We understand the worth of research carried out in the university and this has helped the university departments and institutes to identify and define their thrust areas for themselves as well.

A very important aspect of our research effort is a strong collaborative research programme. The faculties have succeeded in developing collaborative research with academics in India and abroad resulting in the publication of joint research papers, operating collaborative research projects, joint organization of various academic programmes, faculty visits and so on.

The university has, as a matter of a healthy practice, been encouraging its faculty to undertake research by granting them duty leave, Study leave etc, besides sending them on deputation, making financial support available to them for participation in conferences, Seminars Workshops, Summer and Winter Schools. Besides the unassigned UGC grants, the university has made provision to finance research activities from its Self-financed Funds. This enables the faculty to participate very enthusiastically in academic activities, besides giving invited talks.
