Industrial Training and Placement Cell 2023-24

Aims and Objectives

This cell looks after the placement and training activities of students in coordination with UTU placement cell.

Functions:

- To create databank of industrial houses.
- To communicate and maintain healthy relationship with the industrial houses.
- To monitor the performance of those students who have been placed in any organization by talking to the internal project guides at the organizations.
- To facilitate industry academia interaction.
- To co-ordinate with UTU placement cell.

Specific responsibility of coordinators

- To approach well-known industrial houses and seek permission for the students to undergo their projects.
- Arrange plant visits, placement and at least two expert talks per semester.
