

## B.V. Patel Institute of Management, Uka Tarsadia University

Date 20-09-2018

### Session on Digital Sensitization by [girlinneighbour.com](http://girlinneighbour.com) (iVIPANAN)

Institute has organized an influencing session on “Internet and Social Media Privacy and Security” coordinating with the “[girlinneighbour.com](http://girlinneighbour.com)” on 20<sup>th</sup> September 2018. It was organized for female faculty and girls students of Management and Commerce to make them aware of all the harm and benefits of the internet and social media.

The team from iVIPANAN has wonderfully expressed the struggle of the upcoming generation and highlighting the facts that girls are facing on internet. They also highlighted the causes and consequences of cyber bullying and other malpractices performed on internet through various social media. They suggested how to handle trolling on social media as well as how to use them to create strong profile and strong image in the field of internet and digital era. All speakers explicated and entertained students with their extra-ordinary knowledge and humor including the precautions before entering in the social media world.

Mr. Bhautik Sheth has summarized the whole seminar to empower the female audience adding some of his humorous facts. He emphasized that most of the employers are checking resume on social media too.

They encouraged girls to join 'girlinneighbour' to empower other girls. Overall session was very informative and useful for girl's students. My sincere thanks to Mr. [Bhautik Sheth](#) and his team for conducting wonderful session. I am also grateful to my all female faculty who has coordinated wonderfully.
