Report of Model Presentation of Environmental Studies

Environment club of the institute has organized practical session on Model Presentation of Environmental Studies. Objective of subject environmental studies is not just to give theoretical knowledge but also create awareness about various aspects of environmental issues and create behavioral changes in students. This objectives required active learning approach and to fulfill this B.V. Patel Institute has organized model presentation on various environmental issues on 29.08.2019 from 2.00 pm to 3.30 pm for 1st semester BBA students. 140 students from BBA have successfully participated in model presentation and have effectively explained various important global problems, biodiversity related issues and also shown possible effective solutions in model form. Presentation was taken by Ms. Moksha Dave faculty of Environmental Studies.
