Report of Interclass Chess Competition

On September 15th, 2023, B.V Patel Institute of Management organized Interclass Chess Competition, participated by 14 enthusiastic students. Throughout the event, participants showcased their sharp minds and strategic prowess, engaging in intense matches filled with calculated moves and tactical maneuvers. Students thoroughly enjoyed the competition, displaying not only their chess skills but also a spirit of sportsmanship.

During the event each move was met with anticipation and excitement, as players demonstrated their ability to anticipate their opponent's moves and formulate effective strategies. The event provided a platform for students to not only exhibit their chess talents but also fostered a sense of intellectual stimulation and healthy competition among participants. At last, certificates were awarded to recognize the students' efforts and achievements, further motivating them to continue honing their chess skills and participating in future competitions.
